Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner initiated this interview. Examiner discussed with Mr. Kalnay about the 101 issue regarding the system claim recited in claim 41. Examiner pointed out the components (i.e., definer, supplier, applier and control) recited in claim 41 are purely software in view of Applicant's specification (page 19 lines 15-20). Mr. Kalnay authorized Examiner to amend this claim to overcome the 101 issue by adding a computer hardware to all the components of the claim.
